In partnership with [Leila Heller Gallery](#) we are pleased to offer a slideshow of works from the gallery's upcoming exhibition "Steven Naifeh" on view from March 27 – April 26, 2014. The gallery explains:

New York, New York — Steven Naifeh's first solo show in New York City will be on view at Leila Heller Gallery in Chelsea at 568 West 25th Street from March 27 – April 26, 2014. The exhibition will include paintings, wall sculptures and floor sculptures that blend the patterns and colors of traditional Islamic art with the shapes and minimalism

of the Geometric Abstraction movement. Additionally, LED light sculptures from Naifeh's *Uzbek* series will be featured in the Gallery's 11th Avenue Windows. A fully illustrated catalogue with an essay by curator and Islamic Art specialist Heather Ecker will accompany the exhibition.
